

ADMIN

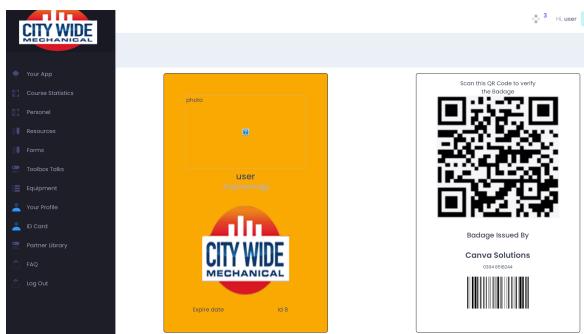

1. How do I send out toolbox talks. **Complete**
2. How do I retrieve signatures per employee bases on subject matters. ToolBox, Forms etc...
3. How do I email signatures based on subject matter?
4. I just added a toolbox talk to Manager and it did not populate.
5. How does the employee have access to the forms to fill out or Forms to fill out?
6. When Forms are filled out how are they documented, emailed, stored?
7. Resource folder
8. Share toolbox talk
9. Certificates
10. Badge? Printable
11. Front page-Managers link does not work

I tried to email the signed doc to my business email, it never showed up. Not even in Trash

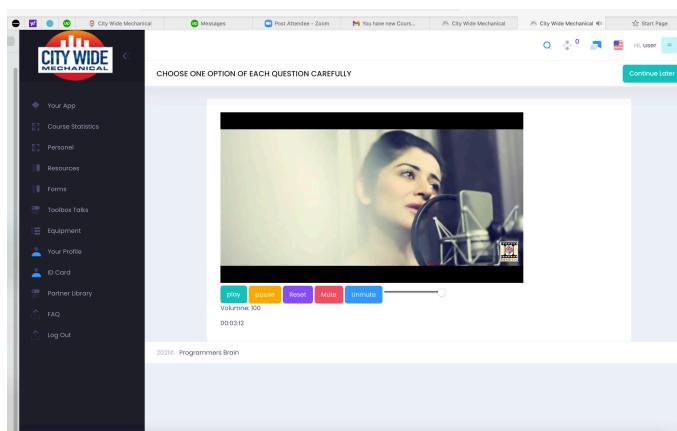

MANAGER

USER

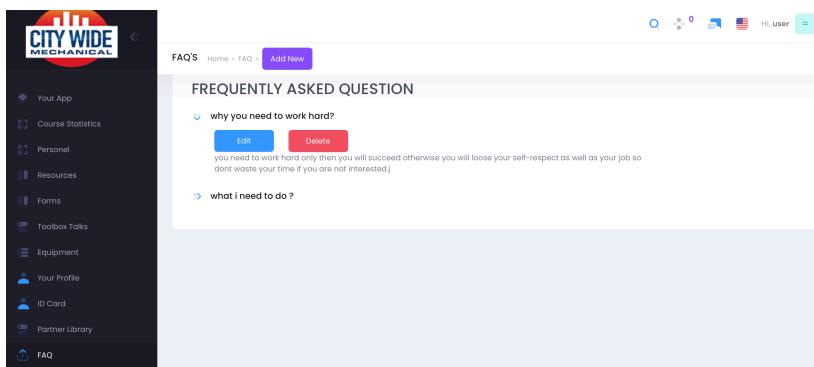

I need to be able to see the personal summary when scanned. This is the only way I can see the emergency data if needed.

2. The user badge info need to show up on the badge when scanned. This is part of the emergency process and one feature of the badge.

I'm watching this on my MAC looks good. Can you get it to take up the whole screen as an option?

This should not be able to edit under USER. **STILL THERE**

The screenshot shows a left sidebar with a dark theme containing various navigation links such as 'Your App', 'Course Statistics', 'Personnel', 'Resources', 'Forms', 'Toolbox Talks', 'Equipment', 'Your Profile', 'ID Card', 'Partner Library', 'FAQ', and 'Log Out'. The main content area is titled 'FREQUENTLY ASKED QUESTION' and contains a sub-section titled 'ADD NEW FAQ'. This sub-section includes two input fields: 'QUESTION' and 'Answer'. At the bottom are 'Close' and 'Save' buttons. A red arrow points to the 'QUESTION' input field.

I want it to say DFWCZ (c) all rights reserved 2021 vs Programers Brain / I do not want to see programers brain anywhere.

The screenshot shows a left sidebar with a dark theme containing various navigation links such as 'Dashboard', 'Course Statistics', 'All Personnel', 'Groups / Classes', 'Departments', 'Resources', 'Forms', 'Toolbox Talks', 'Equipment', 'Your Profile', 'Partner Library', 'FAQ', and 'Log Out'. The main content area is titled 'Toolbox Talks' and contains a sub-section with a 'Add New' button. Below is a table with two rows, each representing a folder named 'testfolder' and 'neww', accompanied by a trash icon and a right-pointing arrow.

We need some kind of design right here. Let me know if you have any ideas?

Tool Box Talks;

1. So how are the users notified that a toolbox talk has been sent out?
2. As a manager or admin how do I retrieve the signatures on a user or project?
3. How do I forward the signed documents for a toolbox talk or form to management or the client.
4. The forwarded document needs to be all signatures or just one. It depends on the document.

TOOLBOX TALKS

For now I can predetermine the folders and all I have to do is load each one in the dedicated folder.

THOUGHTS?

I also tried to email a toolbox talk to myself and it never came through.

Video With Questions...

The screenshot shows a course assignment page. On the left is a sidebar with navigation links: Home, Managers, Personnel, Courses (selected), Course Statistics, Certificates, Partner Library, Resources, Toolbox Talks, Add Users, Departments, and Email templates. The main area has a header COURSE Home > Course. Below it is a "Course Assignment" section with "Videos" and "Acknowledgments".

Videos

Title	Description	Type	Status	Created On	Edit
FIRST TEST	Please try this out	video	Active	2021-07-27 21:45:04	
Back end	Don't wait	video	Active	2021-07-27 21:55:03	

Showing 1 - 2 of 2

Acknowledgments

DFWCZ	DFWCZ	SAFETY	Video,Question	Add	Add	Active
«	«	1	»	»	10	Showing 1 - 6 of 6

So I created a front page add or video sample.....

Then two test questions

Then a backend add or video sample and only one question came up and the videos played back to back.
That was not the order I used to set it up.

Also how Can I edit my questions if I need to change them so I don't lose my spot where it was.

For example the other software edit features

This one has video

The screenshot shows a list of assignments for a course titled "CWM ORIENTATION". The first item is a video titled "ORIENTATION CITY WIDE MECHANICAL / ENGLISH", which has been viewed for 19:47. Below the video are three questions:

- What is the Safety Director's phone number?
- When do we use a GFCI?
- At what height do we need fall protection in construction?

Each question has a green checkmark under "Activity" and a red X under "Delete". A blue button at the top right says "+ Add New Assignment".

This is how I can edit also VIDEO

Also tried to look at the toolbox talk on the Android and it said plugin not supported. Just FYI.
